### **Commonwealth Security Review 2024**

Dear Hon. State Minister Tennakoon,

It is my great pleasure to write to you as Executive Director of the Commonwealth Security Group to invite you to participate in our upcoming publication, the Commonwealth Security Review 2024.

The publication is the fifth in our Commonwealth Security Review series and explores the key security priorities for governments and organisations from across the Commonwealth & how these concerns are being addressed. This will include special focus Defence Cooperation, across the Commonwealth.

Previous contributions have come from the UK Secretary of State for Defence (Fmr), Australia Civil-Military Centre, Commander of the Royal Canadian Navy, Botswana Minister of Defence Justice & Security, India Chief of Naval Staff, Togo Ministry of Defence & others. We would be delighted to share your leadership on key defence priorities and the importance of working with partners across the Commonwealth to achieve mutual aims.

My colleagues and I will be pleased to follow this invitation up with your team and look forward to welcoming your comments and participation in the review.

Yours sincerely,

Freddie Woolland, Executive Director, Commonwealth Security Group
